Some observations

The **ENGLISH SITE** “Peace Publishers LLC,” www.peacepublishers.org, is driving the significant increases noted above. Mostly in Asia and the eastern Pacific island nations (the Philippines, Indonesia, Sri Lanka, etc.), which have about 5 billion inhabitants, 60% of the world total. AI Gemini informs that the masses of those vast areas have, on average, a “Moderate proficiency” in English. They are a major part of the “**WHOLE CREATION**” to which we are commanded by God to “**PROCLAIM the GOSPEL**,” also being that part of the world population least likely to have an opportunity to acquire “*the knowledge of the truth*” that saves. By your generosity and God’s providence, several million have responded recently to opportunities we have presented them.

Regarding the **SPANISH SITE** “Editorial La Paz,” www.editoriallapaz.org, data supplied by Google Analytics shows a surprising development. For the period of this report, the **3 top countries** with the highest number of “Users” (people who have accessed the site) are **China, Singapore, and India**, in that order, with **Bangladesh** in 7th place. The USA is 4th, Mexico, 5th, and Colombia, 6th. There are 118 countries in the list.

The **cities** with the highest number of users are, in order: 1 Lanzhou, China (a university-industrial city of 450,000), 2 Singapore. And 3, Chengdu, China. Shanghai, China is No. 13 in the list. Mexico City is 6th. There are 2,194 cities in the list.

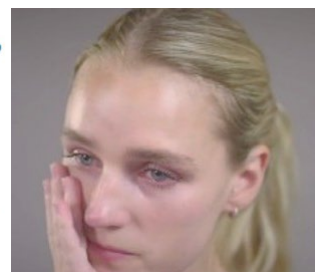

Why this interest of eastern peoples in a Spanish site? Very briefly, according to AI and other sources consulted, there seems to be a certain shift among the educated away from English to Spanish as a second or third language attributable perhaps mostly to international commerce with Spanish-speaking countries.

Below are the **title graphics**, reduced in size, and **alphabetical indexes** for **two documents** in the **category** of “*Healing, Comfort, and Strength for Mind, Spirit, and Body.*” Composed of 12 documents thus far. On the site, the “Suffering Woman” is an 18 second video clip. 13 more categories.

BEYOND YOUR SUFFERING. Be it physical, material, emotional, mental, and/or spiritual. Healing by natural processes, medical procedures, prayer, providential intervention, or miracles. Healed quickly, after much time, even years, or never in this life. **PURPOSES** of **SUFFERING** and **TRIALS**. Why does God permit them? A **victim** of them “**WITHOUT CAUSE!**” The cases of **JOB, JESUS, PAUL, and TIMOTHY. SELF-INDUCED** physical, mental, emotional, and spiritual suffering, trials, and tribulations. Satan's role in them. The **enormous REWARD** of an **ETERNITY WITHOUT ANY of THEM!** Three video clips. Four images. **7-minute read time.** **Este tema en ESPAÑOL**

Beyond Your Suffering...

Be it physical, material, emotional, mental and/or spiritual.

MAKING BEAUTIFUL MUSIC in the MIDST of LIFE'S RUINS. KEY to **SURVIVING** the plethora of **NEGATIVES** common to life on planet Earth -mental, emotional, moral, physical, social, and spiritual crises, failures, privations, sicknesses, accidents, shattering losses, darkness within and without, crime, vices, pogroms, wars, and all other **EVILS-** is to **bravely and stubbornly continue making music, quality music, beautiful music through them all. Alone, if you must. FORCING YOURSELF to THINK about and DO the POSITIVE. Playing the lyre of the heart, the violin or cello of the mind, and the sitar of the spirit, or any other rhetorical "instrument" of your choice. One video clip. Six photographs. Read time is about 6 minutes.** **Este tema en ESPAÑOL**
