**Congregation in Mayajigua, CUBA**

About 140 congregations in Cuba

The current population of **Cuba** is **11,329,738** as of Thursday, January 16, 2020, based on Worldometer elaboration of the latest United Nations data.

We would like to send tons of evangelistic materials for all that population, but, at the present time, are limited to 13 ounces per package, at a cost of about \$11.00. Three to six weeks for delivery. Through the US mail. No customs complications. More or less 110 pages (55 letter-size sheets) at a time. A larger package is an option, but more expensive and requires customs forms.

**Osvanys Dennis Diez Pérez** started a congregation where he lives in **Mayajigua**, on the northern coast, associating it with the Baptist Church. Dissatisfied with denominational doctrines and practices, he contacted us, having obtained, we know not how, **one of the first tracts we printed here in South Florida** (had our house address on it). We have continued a lengthy exchange of letters and e-mails for more than a year. Such was his understanding and firm desire to teach the true gospel that I began sending him brown envelopes of material, considering the investment to be more than justified. On Dec. 20, 2019, he sent us an e-mail with **three photographs** of the **congregation. Attached are two of them.** Osvanys has been teaching the congregation what he has learned through the literature, bringing it more and more in line with *“sound doctrine.”*

Your continued generosity makes all these works and fruits possible. To God be all the glory and honor.
