Sermon for radio program in the Dominican Republic

Monday, May 25, 2020. Prudencio Rodríguez, evangelist in Mao and surrounding areas of the northwestern corner of the Dominican Republic, called, requesting I record a 45 minute sermon for a weekly, one-hour radio program broadcast from Puerto Plata. The transmissions can be heard in all the country.

Since I was already working on a projected three-part series entitled "*Deceitful Normalcy*," I decided to further develop Part 1 and record it, using Camtasia. The title is. "*Normalcy from the Day Adam and Eve Leave Paradise to the Great Flood.*" The Age of the Long-Lived, covering about 1,600 years.

Jesus makes reference to that deceptive state of "normalcy" before the Great Flood when he says that sensual, violent, unbelieving, materialistic people will be totally unprepared for His Second Coming, just as those of a similar mentality and conduct did not believe Noah and his warning of an impending global flood. As the earth before the Flood was full of corruption and violence, so will it be before the Second Coming. As the majority then considered those conditions to be normal and acceptable, so does a majority today seem to evaluate present conditions.

36 minutes. Recorded and sent to Bro. Daniel Cruz, in Puerto Plata, Thursday, May 26.

Full text, in Spanish, added to www.editoriallapaz.org, with the MP3 audio also available, and one slide with a timeline, graphics and texts.

Plan to make slides of the full text, add graphics and use Camtasia to make a video of the material, Lord willing.

See the first attachment below for the **English version** of the one slide created thus far.

Bayamon, Puerto Rico church continues providing digital content for members and others

A 30 minute, weekly radio program to begin, in June, in Puerto Rico

The second attachment below is a screenshot of Bro. **Raúl Rosario**, of the Bayamon church, during the live broadcast of the virtual service, Sunday morning, May 31. **Jorge Ginés**, deacon, directed the service and presided over the Lord's table. **Rafael Torres**, deacon, led in songs.

Raul's sermon was entitled "*Press on to the Goal.*" The format of using slides and other graphical elements, with a small to medium size picture of the speaker, instead of a full-face presence all the time, is, in my opinion, esthetically pleasing.

We have known Raúl since he was about 14 years old.

An MD by profession, Raúl and his family are very active in works of the church. He has taken the initiative to obtain a **30 minute slot**, at **9:30 a.m.**, **Saturday mornings**, on **AM Station WIAC**, at a **cost of \$125 a program**. As per our conversation a few days ago, some congregations in Puerto Rico have already assured financing for the first four months. Preaching brethren will cooperate in this evangelistic outreach.

During our 50 years in Puerto Rico, **WIAC** was one of three stations where we had radio programs for a total of about 28 years.

Tennis and dress shoes, medicines, supplements, clothing and printed material arrive in Venezuela

The third attachment is a photograph of brethren opening some of the 32 boxes shipped to Venezuela earlier this year.

Sis. Priscilla Presilla, the woman standing with her hands full of medicines, administers a pharmacy, owned by two uncles, in **Puerto La Cruz, Venezuela**. Through that pharmacy, she is able to provide medicines, etc., for the sick and elderly of some 25 congregations in the state of **Anzoategui**. The brother beside her is holding a tennis shoe (Trust its mate also arrived!).

As explained in previous reports, **shoes** have become a **priority item**, especially for evangelists and other church leaders who are having to walk so much, due to conditions in that country, as they minister to the congregations. 52 pairs were included in the 32 boxes, 6 of these boxes going to Puerto La Cruz.

May the Lord bless and keep you during these troubled times.

Dewayne

The Garden of Eden

On the Earth, the deceptive **NORMALCY** of surroundings from the time Adam and Eve left Paradise to the **Great Flood**. Approx. 1,600 years.

Adam lived 930 years. Methu'selah, 969. Noah, 950.

Surrounding the globe, above the atmosphere, was a strata of water vapor, creating a greenhouse effect. Genesis 7:11

How are things? Well, normal! For centuries now. Nothing for us to be concerned about.

Stable climate during 1,600 years

No rain during 1,600 years. A mist watered the whole face of the ground. Genesis 2:5-6. **Zero** storms, hurricanes, tornados, flooding.

Zero atmospheric contamination. A **healthy diet** of fruits, nuts, greens, tubers and meats made it possible for humans to live **900 years, or more.**

"There were Nephilim on the earth in those days". Born of angels and women? NO! Of men and women with very robust genes. Genesis 6:4.

The **NORMALCY** that was maintained century after century **DECEIVED** those giants and other long-lived humans, who rejected the **warning** proclaimed by Noah, during approx. 120 years, about an imminent **GLOBAL FLOOD**.

There were GIANTS in these days

Boarding the ARK

The flood came and swept them all away

The GREAT flood BEGINS

"As were the days of Noah, so will be the coming of the Son of man. For as in those days before the flood they were eating and drinking, marrying and giving in marriage, until the day when Noah entered the ark, and they did not know until the flood came and swept them all away, so will be the coming of the Son of man." Matthew 24: 37-39

Filipenses 3: 13-14

- **13** Hermanos, yo mismo no pretendo haberlo ya alcanzado; pero una cosa hago: olvidando ciertamente lo que queda atrás, y extendiéndome a lo que está delante,
- **14** prosigo a la meta, al premio del supremo llamamiento de Dios en Cristo Jesús.
