

Brief Report

From Dewayne, Rita, and Antonio Shappley

January 25, 2021

57 more boxes sent to Venezuela Jan. 13, 2021

Rita and I spent 4 hours, Saturday, Jan. 9, organizing all the food, medical supplies, clothes, shoes, and tracts piled on, under, and around several tables in Room 109 of the West Broward Church of Christ building. Then, began the packing process. We worked 8 more hours, Monday, Jan. 11. Antonio and I completed the packing, weighing, and labeling of the boxes Tuesday, Jan. 12.

The 57 boxes were picked up by the shipping company Wednesday, Jan. 13.

They weighted a total of 2,067 pounds, and the cost of shipping was \$1,428.00.

Because of the coronavirus pandemic, we did not request the help of others for this task.

In addition to the contents mentioned, 10 electric hot burners were sent at the request of evangelists in Venezuela because, as they explain, it is difficult to obtain gas there, though electricity is rather reliable. \$30 each.

Correction to the previous report. The number of evangelists in Venezuela receiving financial help at the present time through the West Broward Venezuela Relief Fund is 15, and not 50. At one

time during the last two and a half years, about 50 were being helped. However, presently, contributions provide limited help for only 15.

Report prepared by Dewayne Shappley
