**Purpose of the site:** To contribute to the evangelization of the 1.2 billion people in the world for whom English is either their first or second language.

Excluding the USA, the total population of the other 9 countries in the list of the “Top ten countries” above is 2,224,809,995. That is, about 28% of the 7,920,000,000 world population.

There are now 59 subjects on the site. Some with instructions on how to obey the pure gospel; two on planting and growing congregations governed by the New Testament, with others of this nature to be added, Lord willing. Emphasis being given to evangelism and church growth not dependent on foreign funding, as per apostolic examples according to my understanding.

From August to Dec. 31, 2021, a Google Ad Campaign to promote the site resulted in 5,653,849 impressions by Google, producing 145,796 clicks by recipients of the Ads, at a cost of \$0.01542 per click.

A “user acquired” I interpret in spiritual terms as a soul before whom a door opens to hear the “good news” God and Christ want every soul to hear. Last year, 87,273 users were acquired from May 21 to Dec. 31. They accessed 208,199 documents, for an average of 2.39 per user. Of them, 62,227 spent a total of 484 hours on the site, equal to 20.166 days of 24 hours. The remaining 25,046 spent less than 10 seconds on the site. In 10 seconds, I can open at least one

document and save it to my computer, or send it, or cast it, to other electronic devices. It would be interesting to know how many users download documents and keep them for reading and studying. The 484 hours of online instruction cost about \$5.00 per hour based on the cost of acquiring the 87,273 users. Since Rita and I invested a large part of our contributions for last year to cover that cost, the foregoing information is of great interest to us, and I thought it might also be to some of you.

Now, it occurred to me that anyone who might like to verify the state of my mind and spirit at this time of my life and ministry could probably form a reasonable opinion by reading some of the material I have added to this all-English site. It makes me sort of an "open book." Texts, layout, formatting, choice of fonts and graphics, PowerPoint creations: I must take responsibility for all of them before God and before you whose generosity makes these works possible. I am so thankful for the privilege of collaborating, praying continually that my participation may be counted worthwhile.

With brotherly love in Christ and deepest appreciation,

Dewayne Shappley
